

**Tonya Winders** is the current president of the Global Allergy Asthma Patient Platform, representing 92 patient organizations working for patients that live with airways, allergies, and atopic conditions throughout the world.

Tonya has over 25 years of experience in leadership roles within the allergy and asthma industry. From sales and marketing leadership to managed market access, she has worked tirelessly to ensure patients have access to effective diagnostic and treatment tools.

Tonya serves on several expert panels including GINA, WHO GARD and the NHLBI NAEPP. Furthermore, she is on the board of directors for the American

Respiratory Care Foundation and is the former President and Chief Executive Officer of Allergy & Asthma Network.

Personally, Tonya is the mother of five children, four of whom have asthma and/or allergies, ranging in age from 18-24 years old. She enjoys spending time with her husband of 26 years, Brian Winders and cheering on her first grandchild Brentlee.
